IN PARTNERSHIP WITH OUR PLATINUM SPONSOR

Greetings!

We would like to express our sincere gratitude for your continued understanding and exceptional support of the operations of the Japanese Association of Veterinary Emergency and Critical Care (JaVECCS).

We are pleased to announce that the "3rd JaVECCS International Symposium" will be held on March 14 (Saturday) and 15 (Sunday), 2026, at the Ariake Central Tower Hall & Conference.

This symposium aims to widely share the latest knowledge and clinical techniques in the field of veterinary emergency and critical care, both from Japan and abroad, and to enhance the practical skills of veterinary professionals working in clinical settings in Japan. Notably, the symposium will offer a rare opportunity to gain access to world-class knowledge and expertise while in Japan, through lectures by internationally renowned experts and simultaneous Japanese-English interpretation.

We will also offer a wide range of practical programs, including hands-on training directly applicable to daily practice, case-based lectures, and interactive discussions, all designed to support the clinical development of participating veterinarians and veterinary nurses.

We hope this symposium will serve as a valuable forum where professionals from across the country can learn from and inspire each other.

JaVECCS remains committed to contributing to the advancement and enhancement of veterinary medicine in Japan through the promotion of international academic exchange and the creation of educational opportunities.

We kindly ask for your understanding, cooperation, and support for the objectives of this symposium.

Sincerely,

Japan Veterinary Emergency and Critical Care Society (JaVECCS)

President: **Kodai Kawase**

(Director, Sapporo Nighttime Animal Hospital)

President: **Atsushi Nakamura**
