IN PARTNERSHIP WITH OUR PLATINUM SPONSOR

What is JaVECCS

日本の救急/集中治療を未来へ

<Platinum Sponsor>

The Japan Veterinary Emergency and Critical Care Society (JaVECCS) is a growing society dedicated to establishing emergency and critical care as an important field in veterinary medicine in Japan and across Asia. Its efforts contribute to the future of veterinary professions through three pillars: sharing academic information, pursuing deeper expertise, and fostering future generations.

JaVECCS International Symposium

The JaVECCS International Symposium is a valuable opportunity for participants from Asia and around the world to gather and share the latest trends and knowledge in veterinary emergency and critical care. It is supported by VECCS as a platinum sponsor.

As a sponsor of this event, you will have the opportunity to interact with veterinarians, veterinary technicians, hospital managers, and international and domestic corporations from Japan and abroad. Depending on the sponsorship package you choose, you may also have the opportunity to have your company's logo and branding featured in event-related promotional materials, and to have your products and services featured at the event.
